**Benjamin Villegas : Colombia es color (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Colombia es color (Spanish Edition):

Containing a selection of beautiful pictures from various photographers, this stunning compilation presents all aspects of Colombia, including its diverse and colorful landscapes, the daily lives of its people, and the country's beloved festivals. In addition to the masterful photographs, sections discussing the countrys history, traditions, and basic characteristics are also included. Conteniendo una seleccin hermosa de fotos de varios fotgrafos, esta complicacin impresionante presenta todos los aspectos de Colombia, incluyendo sus paisajes diversos y de colores vivos, las vidas cotidianas de su gente, y sus fiestas amadas. Adems de las fotos magistrales, se incluyen secciones discutiendo la historia, las tradiciones y las principales caractersticas del pas.

About the Author Benjamin Villegas is an architect, graphic designer, and founder of Villegas Editores. He is the author of several books, including Bogot from the Air, Gardens of Colombia, Panoramic Colombia, and Taste of Colombia.
