Very clear, current map. Love that it is plasticized waterproof. Didn't like that it was hard/mark on, because it is plasticized and waterproof!

Good map.

Colombia is growing in popularity as a travel destination. It is also changing quickly as peace and stability return to a lovely country. We have updated the map to the best of our ability and now have detailed inset maps of Bogota, Medellin, and Cartagena. The border to Ecuador is now an improved crossing. We have printed this updated edition on plastic paper, another improvement, in line with our policy of converting most hot, humid, country maps to plastic.
