Gives "off the beaten path" and historic notes as well as nice lodgings and restaurants. I look for a Fodor's guide every time I travel. 16 of 16 people found the following review helpful. Thorough, informative,

funBy A CustomerI really liked this guide. It was pretty much on the mark and crammed a lot into a small book. Much easier handling than other books on Colorado and gives a sense of the personality of each town and resort, if not always enough in-depth info on recreation.3 of 4 people found the following review helpful. Fodor's Guide to ColoradoBy KSandsvetThis book was essential to our wonderful trip. I was able to focus on the things that really interested me, and I actually suprised my relatives who live in the area with some little-known places thanks to the book. It is full of useful info and great travel tidbits.
