Bob Horan : Colorado Front Range Bouldering Boulder, Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised Colorado Front Range Bouldering Boulder, Vol. 2:

0 of 0 people found the following review helpful. The Necessary Guide for all serious boulderers By Jim Stevens This bouldering guide is truly remarkable. The hand drawings add a unique character to the book not seen in any books of this kind to date. The information here is written from a top notch local's perspective. The classics you find in this book are well mapped and described in text. Other books attempting to copy this original guide have not nearly the overview map quality and descriptive precision seen here, A must buy for any true boulderer.

Features Flagstaff Mountain and Eldorado Canyon in addition to numerous other boulder gardens.
