Cameron M. Burns : Colorado Ice Climber's Guide (Regional Rock Climbing Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Colorado Ice Climber's Guide (Regional Rock Climbing Series):

1 of 1 people found the following review helpful. Three Stars By geoffrey campbell dated on access but has the major climbs
2 of 2 people found the following review helpful. Great book, little dated By Doug Peterson Great book for identifying and climbing ice routes in Colorado. Some of the information is a little dated, but in general where the ice

is doesn't change! 2 of 2 people found the following review helpful. pretty good

I found this to be a pretty good guide. There is a lot of ice that is not covered by the book. But, what is covered is described pretty well.

First comprehensive guide to seasonal ice climbing routes throughout Colorado.
