**Peter Massey, Angela Titus, Jeanne Wilson : Colorado Trails Central Region: Backroads 4-Wheel Drive Trails** before purchasing it in order to gage whether or not it would be worth my time, and all praised Colorado Trails Central Region: Backroads 4-Wheel Drive Trails:

1 of 1 people found the following review helpful. Trail infoBy Trials riderI have a few of these books. They do provide good information. It's always tough when "rating" difficulty due to the wide variety of vehicles and driver skills. I actually don't do 4WD but rather I use this for motorcycle adventure trips which makes it even more difficult to figure out how hard a trail really is.0 of 0 people found the following review helpful. It gives great detail and I enjoy

reading the history while on ...By P McDowellWe already have one of the books from this series in which we take with us while driving. It gives great detail and I enjoy reading the history while on the different passes at the same time. It helps us plan out the day and gives us a chance to teach our son a few things at our finger tips.0 of 0 people found the following review helpful. Great guidebookBy Bad fishI have used this several times above Georgetown and found the directions easy to follow and accurate. The Santiago mine is just a few minutes outside of Georgetown and is a can't miss trip with much of the time spent above treeline.1 note, the difficulty ratings are accurate, but I have found spots on trails much more difficult than the overall rating. If you are worried that a trail is too challenging for your particular vehicle you are probably correct, turn around!All 5 of the books in the Colorado Trail series are worth the purchase.

Just west of Denver, the Rocky Mountains rise, hiding within their peaks historic ghost towns, old mining remains, and awe-inspiring scenery. These sights are hidden no more! Colorado Trails Central Region, the latest in Adler Publishing's Trails series, contains 47 scenic backroads and 4-wheel drive trails near Georgetown, Breckenridge, Leadville, Fairplay, Buena Vista, Aspen, Crested Butte, and Salida-- perfect for exploring Colorado's backcountry secrets. Visit a town named after the last of the Aztec emperors. Travel the highest pass road in America. Explore the interesting remains at Ruby ghost town. Traverse the famous ski slopes of Aspen Mountain. Wander through the Boot Hill section of Tincup Cemetery, reserved for those who died with their boots on and guns blazing. Driving directions include GPS coordinates and all trails are rated for difficulty, mileage, driving time, and more. Descriptions highlight ideal places to camp, hike, mountain bike, fish, and sightsee. Trail maps are topographic.

About the AuthorPeter Massey grew up in the outback of Australia. After retiring from a career in investment banking at the age of thirty five, he served as a director of a number of companies in the United States, the United Kingdom and Australia. He moved to Colorado in 1993.Jeanne Wilson was born and grew up in Maryland. After moving to New York City in 1980, she worked in advertising and public relations before moving to Colorado in 1993.After traveling extensively in Australia, Europe, Asia, and Africa, the authors covered more than 80,000 miles touring the United States and the Australian Outback between 1993 and 1997. This experience became the basis for creating the Backcountry Adventures and Trails guidebook series.Angela Titus was born in Missouri and grew up in Virginia, where she attended the University of Virginia. She traveled extensively throughout the western states, pursuing her interests in four-wheeling, hiking and mountain biking. She moved to Alabama and worked for Southern Living Magazine traveling, photographing, and writing about the southeastern U.S. She moved to Colorado to join the Adler Publishing team in 2002.Since research for the Backcountry Adventures and Trails books began, Peter, Jeanne, and Angela have traveled more than 100,000 miles throughout the western states.
