DK Publishing : Complete Atlas of the World, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Atlas of the World, 2nd Edition:

1 of 1 people found the following review helpful. AN AMAZINGLY PRESTIGIOUS MASTERPIECE !!!By Ian MoodieTHIS eye-catching ATLAS is indeed a most dynamic output by the publishing giant DK.. (DORLING KINDERSLEY), it is so visually impacting...this magnificent ATLAS will certainly appeal to geography and map lovers of all ages alike. I think in this time and age an ATLAS is an indispensable reference tool to own and the COMPLETE ATLAS OF THE WORLD is such an instrument...a true definitive view of the Earth.Compared to the other major ATLASES: example...THE TIMES COMPREHENSIVE ATLAS OF THE WORLD, THE NATIONAL GEOGRAPHIC ATLAS OF THE WORLD, THE BOOK OF THE WORLD, THE OXFORD ATLAS OF THE

WORLD and EARTH:THE WORLD ATLAS(CONCISE), this particular ATLAS is indeed "small" but it's contents is most tremendous!!, this is one spectacular ATLAS that you can "carry" around if you so wish...THEMATIC topics which are well written includes: THE SOLAR SYSTEM, THE PHYSICAL WORLD, STRUCTURE OF THE EARTH, LANDSCAPES, OCEANS, CLIMATE,LIFE ON EARTH, MAN'S IMPACTS, POPULATION AND SETTLEMENT, LANGUAGES AND RELIGION, WORLD HEALTH, WATER, ECONOMIC SYSTEMS, COMMUNICATION, POLITICAL WORLD, CONFLICTS DISPUTES, STATES BORDERS and TIME ZONES.The CONTINENTAL essays are paramount here, complimented by awesome satellite photographs, also the essential statistics of all COUNTRIES. Plans of some major CITIES are showcased also..THE MAPS are true masterpieces, done in real color, with very vivid borderlines and with an amazing shading which provides a stunning relief, entries are limited but all major points are listed. One major drawback, AUSTRALIA was almost overlooked, apart from the main map, at a scale of 1:13,000,000. only SOUTHEAST AUSTRALIA was zoomed in at a scale of 1:6,500,000.Outstanding map plates are:NORTHERN CANADA, THE UNITED STATES OF AMERICA, USA-CALIFORNIA, SOUTHERN MEXICO, the curiously named RIVER PLATE: showcasing URUGUAY the BUENOS AIRES region of CENTRAL EASTERN ARGENTINA, CENTRAL CHILE ARGENTINA, SOUTH AFRICA, THE MEDITERRANEAN, TURKEY THE CAUCASUS, THE NEAR EAST, ISRAEL LEBANON, IRAN THE GULF STATES, SOUTHERN JAPAN, NORTHERN JAPANjust to list a few...Overall..the COMPLETE ATLAS OF THE WORLD 2ND EDITION is indeed compact!!..IS there a singular perfect ATLAS?? NO!!! I don't believe there is...so to achieve the perfect ATLAS it requires a few to do so, I recommended the titles listed above, including this one as well..May I suggest this amazingly prestigious masterpiece of an ATLAS to all who want to discover and explore this amazing and dramatic sphere we are on..this remarkable ATLAS is a true treasure which will be very highly cherished for an extended period of time...and is destined to become indeed iconic..0 of 0 people found the following review helpful. I bought this excellent atlas for my husbandBy S. L. HofsommerI bought this excellent atlas for my husband. He says it is the best he has seen and spends time checking out places we've traveled and places mentioned in his historical reading. He traced our Alaska cruise as we sailed on the ship where he discovered this wonderful atlas.0 of 0 people found the following review helpful. Big, Sturdy, LikeableBy LionNorthThis was a gift for my wife and she loves it. I had a few peeks inside that turned to lengthy sessions of page-turning. It's a very detailed atlas; my wife says sometimes too detailed. It has already come in handy for Tuesday trivia night at the bar.

Fully revised and updated to reflect the latest changes in world geography including the emerging state of South Sudan, Complete Atlas of the World features four sections: a world overview, the main atlas, fact files on all the countries of the world, and an easy-to-reference index of all 100,000 place names. All maps in the Complete Atlas of the World enjoy a full double-page spread, with continents broken down into 330 carefully selected maps, including more than 100 city plans. Readers will also find a stimulating series of global thematic maps that explore Earth's place in the universe, its physical forms and processes, the living world, and the human condition. From Antarctica to Zambia, discover the Earth continent by continent with the Complete Atlas of the World.
