DK : Complete Atlas of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Atlas of the World:

The map, the whole map, and nothing but the map! Find places more quickly and easily than ever before with DK's new atlas that features comprehensive, high-caliber mapping, created with the very latest digital technology. This atlas is prefaced by a world overview, discussing the Earth's place in the Universe, its physical forms and processes, the living world and the human condition, with a series of global thematic maps.
