Good teach-yourself German courseBy KR SchoppI'm enjoying this conversational German text. It builds on words taught in lists, recycling them into conversations at the end of each unit. It seems relatively fast moving to me, but I am a first time German learner and it keeps me interested. Commendably it uses words and phrases in rich, multi-layered social situations which make the language more memorable. I would recommend this course.0 of 1 people found the following review helpful.
