Five StarsBy by Joseph PalladinoGreat as a supplement and introduction to my study of Romance Languages: Latin, Spanish, French, Italian, and Rumanian. Great!6 of 7 people found the following review helpful. Good for language loversBy Violet B.I have been studying Romance languages in a classroom setting and decided to buy this as I have always wanted to lean this language. While I would have preferred to speak with a native speaker, the audio cds worked well for me to figure out the correct pronunciation. I also found the accompanying book to be quite excellent. It was very helpful and organized. I found the pace to be great with me since I am used to learning languages and hate being dragged down by simple things. Overall, I liked it, although I wish the cds were separated between the two languages.
