I now know how the basic greetings and directions. I've tested this out on my friends from the Gulf and they were impressed with how much vocabulary I learned.1 of 4 people found the following review helpful. Two StarsBy CustomerIt's alright, but very little actual arabic script, which makes correct punctuation difficult.1 of 1 people found the following review helpful. Very UsefulBy MaryThis book has been extremely helpful in my Arabic studies. It presents a great deal of information clearly and uses dialogues to help the material to sink in. The goal of the book isn't to teach Arabic script, so the Arabic vocabulary is presented through transliteration using English letters. That was just fine for me, as I was using this book to focus on my speaking. There are many other resources to learn Arabic script but very few to learn Gulf Arabic. I plan to buy other books by the same author.
