Really enjoy Eugene's writing style and humor. Also enjoyed the chapters with the historical perspective of well-researched events in South America. The comparisons of this canyon to the Grand Canyon will really amaze you!0 of 0 people found the following review helpful. This is a great tale of a crazy adventure in PeruBy CustomerThis is a great tale of a crazy adventure in Peru ! But it also weaves in the author's whole life of adventure all over the planet. Eugene did a great job with this epic story.

A modern-day, real life adventure, this book will take readers along for a rollicking ride through South America on a race to the bottom of the Earth. When the author first met Polish explorer, Yurek Majcherczyk on a commercial feasibility expedition down Ecuador's Quijos River in 1989, he did not know it would lead to taking part in a Polish race, stumbling upon a mummy-filled cave and even getting wrapped up in a legend linking long-lost Incan riches to a riverfront castle in Poland. As the adventurers plunge deeper and deeper into unknown territory, they discover a rival Polish team trying to usurp their goal. The author seamlessly weaves these tales with his own exploits and adventures-climaxing with a tumultuous hike out of the canyon with both teams returning to complete their race the following year.

A rip-roaring adventure, packed with weird legends, peopled with obsessive characters, and shot through with ambitions as big and unbridled as the great river that spills through this crazy, picaresque tale. Hampton Sides, author, *Ghost Soldiers*
