AL lot was already filled out

This updated and expanded new edition is a useful guide for students in allied health and nursing programs who will need to communicate quickly and effectively with Spanish-speaking patients and their families. The book is adaptable to various needs and methods of presentation. It emphasizes the differences among written, formal, and academic

Spanish and casual, everyday, and at times, regional Spanish.

Pronunciation. Essential Grammar. Common Expressions. Numerical Expressions. Anatomic and Physiologic Vocabulary. Conversations for Medical and Paramedical Personnel.
