From Brand: teNeues : Cool Shops London before purchasing it in order to gage whether or not it would be worth my time, and all praised Cool Shops London:

One of a new series of authoritative guides teNeues is introducing this season, Cool Shops London takes the reader on

a tour of the best stores and boutiques in this vibrant city. Each shop included is distinguished by more than just the products it sells. The editors also highlight exemplary architecture and interior design - for shops such as Camper, Jigsaw and Marks and Spencer - with lavish colour photographs and emphasize as well the appeal of smaller, one-of-a-kind shops. Attractively designed to fit into any handbag, backpack, or briefcase, this book includes a site map for easy use and is sure to be a must-have for shopaholics everywhere!
