**Kakuko Shoji : Core Words and Phrases: Things You Can't Find in a Dictionary (Power Japanese Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Core Words and Phrases: Things You Can't Find in a Dictionary (Power Japanese Series):

9 of 10 people found the following review helpful. Beyond Polite Japanese By A Customer This book definitely goes beyond the polite language. Some of the translations play a bit fast and loose with what's actually there, (at least, it seemed to me, but then, my grammar skills aren't those of an expert, or I wouldn't need this book) but on the whole, it's a good book. And there is a lot of words covered. It's part of the Power Series, all of which are pretty good.

Designed to assist students in learning important, yet difficult, words and phrases. The text is divided into two parts, the first deals with physical and abstract distance (this and that) and the second covers words and phrases that prove the most difficult for beginners to understand.
