It has northern Corsica on one side and southern Corsica on the other side. The only thing I did was photocopy the legend and taped it on to the front of the map so I could see what the symbols meant. 0 of 0 people found the following review helpful. Better than just a road and street map. By PAUL J ADAM S This National Geographic Adventure map was exactly what we needed for our motorcycle trip. More than just a road and street map. We used other maps in the past but will be using these from now on. 0 of 0 people found the following review helpful. Four Stars By ronald cook Great tourist map.
