I like that it is focusing on the most needed phrases for an English speaking tourist. But I had some difficulties in pronouncing some of the phrases and words, I think the author should have written each phrase pronunciation along with the translation.1 of 1 people found the following review helpful. Very helpfulBy JerielI have never been strong at speaking the language. This book is Authentic and full of useful Information. It explained phrases I had heard but never before understood.This book is great... it goes way beyond the average tourist's 'quick reference guide' and thoroughly addresses all of those situations you find yourself in when traveling. Much more terms than I expected. With this with me, I'm sure we could manage to communicate just about any related need in Spanish.I highly recommend it.0 of 0 people found the following review helpful.
