**Princeton Review : Cracking the AP European History Exam, 2011 Edition (College Test Preparation)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cracking the AP European History Exam, 2011 Edition (College Test Preparation):

0 of 0 people found the following review helpful. Very HelpfulBy LiSMY teenage daughter absolutely loved this book. It summarizes the whole AP Euro course in 4 chapters and includes 2 AP Practice Exams. It was perfect for last minute cramming and summarized all the information beautifully! Must buy especially because the course is one of the hardest AP courses available.1 of 1 people found the following review helpful. Shouldn't serve as your one and only review source!By GetshotziI really wish there were more MC test questions. There is a huge description on what the test entails and how to succeed, but actual primary source document questions used for the MC portion are

wanting. They have a section devoted to the history that'll be covered, but it would be AMAZING if they offered questions a student might see on the test concerning each question. Maybe that would be more expensive, but I still believe it'd be worth it. 3 of 3 people found the following review helpful. It did the trick. By madewithlove. My 14 year old daughter was struggling with her first round of AP classes. Her instructor recommended this book. It did the trick. She ended last semester with straight A's and a 4.3 gpa. Will continue to add these for her upcoming courses.

Cracking the AP European History Exam, 2011 Edition provides the strategies and information you need to get your best score on the AP European History test. Inside this guide you'll find proven techniques from the test-prep experts and much more, including:
