**Damir Konestra : Croatia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Croatia:

"Croatia" is 340 pages, full color, 11"x14" and cloth bound by hand, with superb printing in Italy by ArtGrafiche Amilcare Pizzi. Each book comes in an individual box. The quality of the photography is superb, all images were shot with large format film cameras. The poetic, in-depth, and informative text is by Damir Konestra. Besides English, also available in Croatian Language FINNALIST for PMA 2008 Benjamin Franklin Awards in category Art/Photography
