John Nicholson : Cruellest Place on Earth: Stories from Antarctica (True Stories) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cruellest Place on Earth: Stories from Antarctica (True Stories):

. the fatal race for the South Pole . escape from an icy chasm . fried seal liver for breakfast . three months adrift on an iceberg . frostbite and snow blindness . killer whales and whale killers . dogs, cats, ponies, beavers, otters, weasels...and much, much more! Stories from the coldest, windiest, highest, driest, emptiest and most isolated place on earth Antarctica is a magnet for adventurers, a mystery to scientists and home to extraordinary animals. Share the triumphs and tragedies experienced by Amundsen, Scott, Mawson, Shackleton and other polar pioneers; meet the original inhabitants on land and in the sea; consider the practical problems of living and working in such extreme conditions; and think about what the future holds for this fierce and beautiful place.

About the AuthorJohn Nicholson studied and worked as an architect before turning to book design, illustration and writing.
