Stephen J Pavlidis : Cruising Guide to Puerto Rico, 3rd ed. before purchasing it in order to gage whether or not it would be worth my time, and all praised Cruising Guide to Puerto Rico, 3rd ed.:

3 of 3 people found the following review helpful. Good Cruising Guide!By av8orI had the opportunity to use this book while sailing The Spanish Virgin Islands off the coast of Puerto Rico. I really liked this cruising guide. It provided lots of in depth navigational information as well charts of the islands with good depth readings and recommended entries into the various anchorages. Also provided information on things to do ashore. I gave it four stars insted of five only because the book needs to be in a binder format with coated pages. It is easy to damage the book if it gets wet which is highly likely on a sailboat.2 of 2 people found the following review helpful. Four StarsBy BenWell organized book. Wish it would include trails to do once we are anchored

Coverage Area: Culebra, Mayaguez, Boqueron, La Parguera, Gilligan s Island, Ponce, Salinas, Palmas del Mar,

Fajardo, Vieques, San Juan, The Mona Passage, Puerto del Rey Marina, Expanded Dominican Republic Coverage. A Cruising Guide to Puerto Rico, 3rd ed. including the Spanish Virgin Islands and the north coast ports of the Dominican Republic: is the most comprehensive guide ever written for Puerto Rico. Its 62 detailed, full-color charts contain extremely accurate hydrographic data based on personally conducted independent surveys by the author. It also contains GPS waypoints and extensive navigational instructions for the whole island chain, aerial photos of principal harbors, approaches and routes, anchorages, services, dive sites, history, index, bibliography and more. It will greatly enhance your cruising experiences throughout the islands by offering you valuable information based on local knowledge.
