Randy Poisson : Cruising With Kids: A Guide To The Perfect Family Cruise Vacation before purchasing it in order to gage whether or not it would be worth my time, and all praised Cruising With Kids: A Guide To The Perfect Family Cruise Vacation:

1 of 2 people found the following review helpful. Must-have guide for any family considering a cruiseBy

minnemom This book should be in the hands of any parent who's planning a cruise with their kids. It offers specifics on the family-friendliness of the various cruise lines, including children's programs, ship amenities, food, ports, and more, and rates them based on the ages of the kids you'll be traveling with. Ratings are given for cruise lines, and specific details about each major ship currently sailing make planning easy, especially for those who are looking for connecting staterooms, in-cabin babysitting, family entertainment, or other specifics. In addition, tips for planning, booking, and packing for your cruise are included in the book. The information is very current, and I hope that editions will be updated frequently. I definitely recommend this book to cruising families.

Our guide provides straight-forward, no-nonsense information coupled with candid reviews based upon over 20 years of cruising experience. Not all cruise lines or ships are ideal for every family. Recognizing this, we perform a detailed review from a family-friendly perspective of ninety-seven ships across the seven major cruise lines. You certainly have many choices when planning a cruise; however, most guides are produced for a broad audience of cruisers. Cruising as a family requires special considerations. Although the selection process is similar to that of other cruisers, families need to employ different criteria when selecting nearly all aspects of a cruise. We walk you through the selection process, discuss pre-cruise planning and then take you on board with tips and tricks for making the most of your cruise vacation. This guide is a must read for anyone who is planning to cruise with kids.
