By Gerald Brown  
We bought an apartment in Cuenca. Getting around a city where you don't speak the language can be daunting. This handy little guide will be good addition. The guide is a compact size that easily fits in a shirt pocket or purse. It covers the "new" city as well as the historic district.

Do I see it correctly, prices for this small pocket map range between \$345-\$845???? Oh my goodness, why???? Is this map made out of pure gold?

Pocket (6 x 3.5 in.) street plan of Cuenca including the airport, with a list of important points and a regional map of Cuenca's surroundings.
