**Susan Roraff, Laura Camacho : Culture Shock! Chile: A Survival Guide to Customs and Etiquette** before purchasing it in order to gage whether or not it would be worth my time, and all praised Culture Shock! Chile: A Survival Guide to Customs and Etiquette:

4 of 4 people found the following review helpful. A good overview, yet highly focused on Santiago  
By Pen Name  
The title of the book is fitting with its content - it's a crash course for the expat on the history and culture of Chile. That being said, I found it to be mostly focused on the culture of Santiago, and upper class culture at that. As someone who will be moving to Southern Chile to teach English, I was hoping for a more well-rounded overview of the lives of Chileans at all so-called social rungs, not a guide for how rich westerners can mingle with rich Chilean city folk. I do recommend it, however, as it is a quick read that contains a lot of information, especially for people who will be moving to the capital. Just don't expect it to be the bible of Chilean culture.  
1 of 1 people found the following review helpful. Know before you go! More than a Survival Guide.  
By Customer  
Anyone who is visiting Chile really could benefit from this book. This has information about the history of the government, the industry, people's likes, dislikes, customs, and above all is very accurate. One person reviewing this book mentioned how very well researched and true to life this book is. I bought it before leaving the US to serve a 2 year senior mission in Chile with my wife and it has been a real anchor to understanding the people and the culture. We work with people from the poorest to the richest neighborhoods and I found it to be invaluable in understanding important celebrations and precautions. These people are unique to other Latin Americans and this book describes the rich culture, the unique political and economic richness and also touches on the kindness and humility of the people. I believe the saying "proud but humble" really tells volumes. This book brings your visit experience to life and helps to really know who these people are.  
0 of 0 people found the following review helpful. Very thoughtful  
By DC reader  
This is not a book that was thrown together quickly, but a thoughtful book with broad coverage and good research. I found myself rereading nearly all of the chapters. The book has already helped me during my professional stay. BTW, the Kindle edition is wonderful to use. I read the Kindle chapters on my iPhone whenever I have some downtime. I've even used it as somewhat of a reference source.

Whether you travel for business, pleasure, or a combination of the two, the ever-popular "Culture Shock!" series belongs in your backpack or briefcase. Get the nuts-and-bolts information you need to survive and thrive wherever you go. "Culture Shock!" country guides are easy-to-read, accurate, and entertaining crash courses in local customs and etiquette. "Culture Shock!" practical guides offer the inside information you need whether you're a student, a parent, a globetrotter, or a working traveler. "Culture Shock!" at your Door guides equip you for daily life in some of the world's most cosmopolitan cities. And "Culture Shock!" Success Secrets guides offer relevant, practical information with the real-life insights and cultural know-how that can make the difference between business success and failure. Each "Culture Shock!" title is written by someone who's lived and worked in the country, and each book is packed with practical, accurate, and enjoyable information to help you find your way and feel at home.
