Venezuela is an informative, enjoyable, well-written and extremely useful guide for anyone visiting Venezuela. Although I had already spent 9 months in Spain I needed to know about life in Venezuela and this book told me many things I needed to know. I impressed the Venezuelans I stayed with and their friends with the knowledge I picked up from this book and was warned about some of the downsides of the country. Overall a fine introduction to anyone visiting Venezuela. 8 of 8 people found the following review helpful. I wish I'd seen it earlier. By Thomas Hedley I spent eight months teaching English in Caracas two years ago. I spent nearly as much time trying to find a guide to the country that would tell me what I needed to know as a foreigner. I picked up this book out of curiosity and perhaps out of snobbery... I had been there, so what could a mere book tell me? I was wrong. I learnt a lot and found myself smiling in agreement at some of the situations it described as I had been through them myself. While I could have done without the history section, the rest of it was right on the button. An excellent guide to a country that is very alien to a Northern European person like myself. Excellent. 4 of 4 people found the following review helpful. PERFECT ACCOUNT. By Sandra Raquel Marroquin If you are planning on visiting Venezuela or if you are just interested in finding out about the Venezuelan culture, I would recommend this book to you. It is a perfect account of what my experience was like. However, if you are a wild spirit and you wish to have an untainted experience of the country... then I would not recommend this book to you. Because it is so accurate, it might spoil the fun of your adventure. I enjoyed this book very much. It helped me to understand the people and why they are how they are.

Whether you travel for business, pleasure, or a combination of the two, the ever-popular "Culture Shock!" series belongs in your backpack or briefcase. Get the nuts-and-bolts information you need to survive and thrive wherever you go. "Culture Shock!" country guides are easy-to-read, accurate, and entertaining crash courses in local customs and etiquette.
