**Gina Crocetti Benesh : CultureShock! United Arab Emirates (CultureShock! Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised CultureShock! United Arab Emirates (CultureShock! Guides):

By WordColor2 Though book is geared to readers moving long- or short-term to UAE, I found it useful as a guide for a week-long visit, and for doing business with locals, avoiding social errors, gaining respect for culture and social mores very different from my own. Lots of insights, mixed with historical explanations, and current social structures. Interestingly, though the author is spot on, the UAE cultures are also changing day by day. Youths seem less reserved than even 30-somethings, as I encountered them on the streets and in business dealings. But the book was a good, solid, well-researched, and 'based-on-experience' report of what I could expect.

By Kindle Customer Despite accidentally purchasing this book (the price was a shock), this is probably the best purchase I've made as a soon to be expat in the UAE. Extremely well researched and provided deep cultural insights into the history, beliefs, mindsets and practices of the region. I think it'll go a long way in moderating any frustrations I might have with the way things work over there compared to a Western cultural background. I would definitely recommend this to anyone who will be living or working in the region.

When I had a chance to take a job in Dubai, Culture Shock UAE was the first title I looked for. Well written, insightful and very practical.

With over three million copies in print, CultureShock! is a bestselling series of culture and etiquette guides covering countless destinations around the world. For anyone at risk of culture shock, whether a tourist or a long-term resident, CultureShock! provides a sympathetic and fun-filled crash course on the do's and don'ts in foreign cultures. Fully updated and sporting a fresh new look, the revised editions of these books enlighten and inform through such topics as language, food and entertaining, social customs, festivals, relationships, and business tips. CultureShock! books are packed with useful details on transportation, taxes, finances, accommodation, health, food and drink, clothes, shopping, festivals, and much, much more.
