**From Antarctic Press : Cybertronian TRG Unofficial Transformers Guide Volume 5** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cybertronian TRG Unofficial Transformers Guide Volume 5:

This special issue covers the last two series of Generation 1, those Transformers produced in 1989 and 1990. Starting with series 6, the second series of Pretenders is finished off and meet the smallest Transformers ever, the

Micromasters. Then series 7, which showcases what are arguably the most controversial TFs, the Action Masters! As always, the best in toy pictures, character bios and descriptions, series-by-series checklists and our very own full-color accessory guide for parts.
