Cycling in Holland is geared to every tourist, not just the cyclists, and gives you a brief introduction to cycling in this fascinating country. The guide offers some basic information around routes, accommodation, cycle friendly cities and much more, providing the basis to any cycle influenced holiday. The publication is part of a wider series of guides covering Europe and is compiled by Holidays by Cycle (www.holidaysbycycle.com) a social enterprise and Community Interest Company set up to promote cycle tourism in Europe.
