Katherine Widing, Jerry Widing : Cycling the Netherlands, Belgium, and Luxembourg (Bicycle Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cycling the Netherlands,

Belgium, and Luxembourg (Bicycle Books):

0 of 0 people found the following review helpful. Three StarsBy MuzzGood general information but a bit out date. I kind of expect5ed that though when I ordered it.0 of 3 people found the following review helpful. One StarBy Luz O. Spann-labatonot helpful37 of 39 people found the following review helpful. Plan your trip NOW!By A CustomerWhat is wonderful about this book is that not only do you get detailed maps with good directions, but there are also overview maps so that you have a sense of where you are in the countries. Everything that you need for a great cycling trip is included, transportation to and within the countries, a few accomodations (and especially where there are no accomodations), noteworthy sites, restaurants and prices. The routes are generally circle routes with side trips and also connect with each other with both total mileage for the whole circle and sectional mileages. Because this book is well organized with excellent maps - I will definately go to Benelux for a leisurely cycle tour - and probably more than once.

Amongst Europe's most favoured regions for the touring cyclist are the Benelux countries. This touring guide takes the reader through rolling hills, past windmills and canals, fields and flowers, while dispensing information on topics such as weather, terrain, accommodation, and currency.

About the AuthorKatherine Widing is a native of Melbourne, Australia. She is a freelance travel writer and has been a columnist and travel book editor for Transitions Abroad magazine since 1991. Jerry Widing is a native of Seattle, Washington. He has worked in the travel and wine industries and has lived and worked in Europe and Australia.
