**Peter Rutkoff : Cyprus Portraits** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cyprus Portraits:

A thoughtful look at the divided island of Cyprus and its people, written by a visiting Fulbright scholar. This travel memoir covers numerous visits to Cyprus between 2005 and 2013, where the author engaged in meaningful dialogue with Greek Cypriots and Turkish Cypriots in the north and the south of this divided island.
