Nina Trnka : Czech Phrasebook (Hippocrene Language Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Czech Phrasebook (Hippocrene Language Studies):

1 of 1 people found the following review helpful. a decent phrasebookBy Cassandra ZarubaThe book almost looks like it was self-published, and the text looks like it's written with a typewriter, but it's a pretty good phrasebook. It's straightforward, and sectioned in a manner that makes it easy to read.
