**Christian Miller : Daisy,Daisy:A Grandmother's Journey Acr** before purchasing it in order to gage whether or not it would be worth my time, and all praised Daisy,Daisy:A Grandmother's Journey Acr:

To pedal from the Atlantic to the Pacific? Surely too big of a challenge to many but the formidable English grandmother Christian Miller? She had no hesitation in volunteering her small folding bicycle, Daisy, and herself up for the challenge. DAISY, DAISY is the marvelously entertaining story of her meeting with the United States of America and its people. Looking at America with a completely fresh eye, she is able to paint a picture of the countryside, the people and all things strange and wonderful that make up the America she befriended on her long journey. The stories she shares are witty, perceptive - and irresistible.
