Anyway it has excellent information but with the e-book it is rather cumbersome to reach the sections while you are writing/reading, i.e. form the dictionary to the grammar or pronunciation or vice versa.But I am satisfied with the purchase. Maybe I should reccur to it more frequently and I need to get used to it. It is excellent as an e-book when you travel.Angel D. PIni4 of 4 people found the following review helpful. Good purchaseBy MadelineOverall, this book fits the needs of English speakers traveling to Denmark. The Danish-to-English dictionary section is a bit light though.

Danish is the official language of Denmark, Greenland, and the Faeroe Islands. It is also the first foreign language taught in Icelandic schools. This Dictionary and Phrasebook will come in handy in the many different situations a tourist will encounter. It features a thematic approach to the organisation of vocabulary, as well as practical information about Denmark and the Danes.
