By gitrdonedave I love anything to do with Mining towns of the west old or new. I enjoy some of the background for My all time favorite series "Deadwood" This is not the "definitive" book on Deadwood ,but you would be remiss not having it in your collection on the subject.

Think about the most romantically notorious Wild West town you ever heard of, and most likely Deadwood would head the list. Deadwood has more than its share of legends, heroes, and brigands who traveled through or made their homes here: Wild Bill and Calamity Jane to be sure, but also Buffalo Bill, Wyatt Earp, Captain Jack Crawford (the Poet Scout), California Joe, Seth Bullock, Poker Alice, and many more. No other frontier town not Dodge City, Tombstone, Abilene, or Cripple Creek could claim them all. Deadwood is the champion, and was the happening place in the late 1870s. This legacy lives on today as casino gambling perhaps ironically but fittingly financed the preservation of historic downtown Deadwood beginning in 1989, an area that is now designated a National Historic Landmark.
