Kristen Gould Case : Deer Valley: The Quest for Excellence before purchasing it in order to gage whether or not it would be worth my time, and all praised Deer Valley: The Quest for Excellence:

0 of 0 people found the following review helpful. One of a KindBy Gene L. LambertI purchased this book some years ago directly from the Deer Valley gift shop. This is a great book giving you the behind the scenes of the development of the Deer Valley ski area and how its developer put his efforts into every phase. These efforts has made DV a unique and special major ski area in the U.S. Recent developments and expansions has lifted the phrase "country club of skiing" though most those characteristics have not been sacrificed it now offers skiing from beginners slopes to some real advanced intermediats to expert terrain. I have been coming to DV for over 30 years(sometimes numerous times a year and I live 800+ miles away) This book will help you understand what makes this area so great from its initial vision,the plan, execution, and still able to maintain its excellence.!0 of 0 people found the following review helpful. Five StarsBy QwertyGreat gift for Deer Valley enthusiasts.

Deer Valley is a moderate-sized resort operating on less than 2,000 acres yet it is ranked by many as North Americas

top resort for its impeccable service, award-winning food, luxurious rooms, and velvety slopes. This book traces Deer Valley's rise to the top from its founding in 1981, when skeptics scoffed at the idea that skiers would pay to be pampered, to its well-publicized role as venue for the 2002 Olympic Winter Games slalom and freestyle events. One chapter details the life of Deer Valley Director of Skiing Stein Eriksen, the Norwegian Olympic gold medalist who became an icon for the sport. This beautifully produced coffee-table book is illustrated throughout with spectacular photos, illuminating the success behind this luxurious ski resort.
