**Gene Kilgore : DEL-Gene Kilgore's Ranch Vacations: The Leading Guide to Guest and Resort, Fly-Fishing, and Cross-Country Skiing Ranches in the United States and Canada** before purchasing it in order to gage whether or not it would be worth my time, and all praised DEL-Gene Kilgore's Ranch Vacations: The Leading Guide to Guest and Resort, Fly-Fishing, and Cross-Country Skiing Ranches in the United States and Canada:

3 of 3 people found the following review helpful. America the beautifulBy John ElsegoodGene Kilgore's 'Ranch Vacations' should also be called America the beautiful because his various editions create a veritable smorgasbord of panoramic delights. This is the quintessential America-the great ranches of the Great Plains states - and a whole lot more, including Canada and even the eastern regions of USA. The vastness, colour, scenery, atmosphere all leap out of the pages of these books-enough to make this Aussie want to pack his bags and go a ranchin' tomorrow. The only problem is determining location -there are just so many choices available in so many states. While more information can be found on the web Kilgore's book has the advantage of easy cross reference and is transportable. In this age of terrorism the beauty, tranquility and grandeur of America stands in ample contrast to those who wish to destroy the Great Republic. Unlike those who seek to wreck and destroy, the people in this book, including the author, seek to build by offering the best hospitality and advice possible-and in doing so reveal an authentic part of America to both the reader at home and abroad.

0 of 0 people found the following review helpful. Great reference for anyone seeking a guest ranch vacationBy SF EntrepreneurI picked my last 3 vacations using Gene's books. He hasn't steered me wrong yet!

7 of 7 people found the following review helpful. disappointedBy John LeeGene runs a web site which we reviewed, and we read his book as well. We booked a ranch -- Wit's end--based on his book review, and the great web site for the ranch. It was a bad experience. It is impossible, so far as I can tell, to write and post a negative review on Gene's site. It appears he takes commissions for booking people into the places he writes up. So beware. The mystical person who appears on the cover of the book likely does not exist. It is a sales document, so that he can get commissions booking people to the ranches. Go back and read the book and you will see there is not one negative comment in it, just as there are no negative comments allowed on his web site.

Vacations don't get any more unique than Gene Kilgore's ranch getaways. He highlights more than 200 ranches in the U.S. and Canada, ranging from working dude ranches to large family-friendly resorts, and includes all the information needed to choose the ideal spot. Readers interested in snowmobiling, horseback riding, hiking, golfing, or just lounging in a hammock will love this creative guide.

About the AuthorNo one knows ranch vacations better than Gene Kilgore. He's travelled thousands of miles exploring America's ranches and bringing ranch country to millions of people worldwide-through his book, speaking engagements, and numerous media appearances. Gene is a consultant to corporations and the travel industry on ranch vacations. He lives in Sonoma, CA.
