Excellent photographyBy Paul FilitchkinIn this work Steve Mohlenkamp produces vivid photography of the Denver area and captures the aura of the beautiful city. His photography is unique in that he aptly chooses filters to produce nearly surreal landscapes and cityscapes, yet the effects do not distract from the natural detail of the scene. There are also many raw photographs of everyday life around Denver giving this collection a warm touch that compliments the awe inspiring scenery. I highly recommend Denver Impressions and other works by Steve Mohlenkamp.
