Rudolf Blank : Deserts of Arabia 2016: Sand dunes, mountains, oases, wadis - images from Dubai and Oman (Calvendo Nature) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Deserts of Arabia 2016: Sand dunes, mountains, oases, wadis - images from Dubai and Oman (Calvendo Nature):

The Arabian Peninsula is an area with sparse vegetation. Few animals are adapted to living in the desert conditions. Nevertheless, the United Arab Emirates and especially Dubai are popular travel destinations. Exclusive resorts offer luxury in the sand dunes of the desert, field trips and falconry. In the multifaceted Sultanate of Oman, tourists can admire oases and wadis next to sand dunes, mountains and beaches. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five

languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
