Katy Colins : Destination Chile (Lonely Hearts Travel Club) before purchasing it in order to gage whether or not it would be worth my time, and all praised Destination Chile (Lonely Hearts Travel Club):

Funny and full of surprises. Can't wait for her next book Chasing the Sun.0 of 0 people found the following review helpful. Not what I expectedBy Diane StewardI was

really, really hoping for an interesting read about the beautiful and fascinating country of Chile here, and in that sense this book didn't even come close. The opening was quite slow and the characters didn't even get to Chile until almost halfway through the book, where our first glimpse of the country is a strange bathroom performance! Too hip for me...0 of 0 people found the following review helpful. As good as books 1 2!By Kindle CustomerI pre-ordered this book after reading the first two in this series. I enjoyed this one as much, if not more. As I followed along in Ben Georgia's journey it has been exciting to see Georgia's journey change and grow. Sappy, yes? But then again, I'm a sucker for travel love. I look forward to reading more from this author.
