Michael O'Mara : Diana: A Tribute in Photographs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Diana: A Tribute in Photographs:

11 of 11 people found the following review helpful. This is a lovely tribute to the late princess. By A Customer O'Mara in his tribute to Diana, Princess of Wales, uses pictures which were taken by her father, the late Earl Spencer for her years as a toddler, her childhood, and her youth. Naturally, he selects those which were her favorites. His photographic tribute begins with Diana as a toddler and goes through her untimely and tragic death. This tribute contains many photographs from her childhood and youth which I had never seen before. In the forward, O'Mara writes: " I once wrote that Diana, Princess of Wales, was the most loved person in the world. Now that she has been tragically taken

from us, I realise that my words were not strong enough. Diana was a treasure; not just a national treasure, for her light was too bright to shine in one country alone, but a treasure to be shared with the world. The unprecedented level of worldwide grief for her has shown that the people's princess had no equal and can never be replaced."In preparing this tribute to Diana I have been struck by the warmth that beams out from the Diana in the pictures - beautiful? Naturally - but it is that straight-forward human warmth of her expression which leaves the lasting impression."O'Mara has each picture tastefully arranged and captioned according to place, date, etc. This is truly a beautiful tribute to a beautiful, young princess who will live forever in our hearts. This is a hardback book which measures 8 3/4 x 12 inches and contains 160 pages. 1 of 1 people found the following review helpful. Five Stars By Lisa Marie Frederick Item as described with prompt delivery 1 of 1 people found the following review helpful. Very good item. Great for the price. By A. Dimas, Jr. As with most items purchased via , this was a gift intended for my mother. But it arrived in absolutely fine condition and was excellent for the price. Very interesting to look at. She will love it.

The entire world suffered a great loss when Diana, Princess of Wales, died on the 31st of August, 1997. In the weeks following her death the enormous outpouring of grief make it clear that Diana was, indeed, the best-loved person in the world. This tribute is intended as a reflection on Diana's life and to remember all the wonderful things she accomplished. Fully illustrated with over hundred full color photographs.

.com Diana's love/hate relationship with the camera is evident from countless photos snatched by ruthless paparazzi. But Diana: Princess of Wales presents an adoring portrait of this widely admired and gentle woman. The book's 200-plus beautiful photographs chronicle Diana's life from early childhood through her somber funeral. The images range from a giggly schoolgirl to a still-playful mother to the perfect English rose celebrated in song. Michael O'Mara, one of Britain's leading editors of books about the princess, chose his own favorite pictures for publication in this book, including those taken by Diana's father and by Patrick Demarchelier in the 1990s. Many of these photos were also Diana's favorites, taken with full permission. A donation from the sale of each copy will go to the Diana Princess of Wales Memorial Fund. --Gina Kaysen
