**Tom Dieusaert : Diarios del Vocho: Un viaje por Amrica Latina (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Diarios del Vocho: Un viaje por Amrica Latina (Spanish Edition):

A 36-year old journalist hops into a classic Volkswagen beetle in Mexico City and decides to drive it all the way down

south towards Argentina. Exciting encounters, dry-witty comments on local customs and lot of history of the thirteen Latin American countries the author travels through. Especially the Colombia, Peru and Paraguay-chapters make this book a modern classic of travel literature.

About the Author Tom Dieusaert is a Belgium-born journalist who has lived in Latin America for over 15 years, first in Mexico City and then in Buenos Aires (Argentina) He has written many articles on the region and so far has published 4 bestselling books.
