**From Puffin :** Dictionary of Human Geography, The Penguin (Penguin reference books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dictionary of Human Geography, The Penguin (Penguin reference books):

2 of 2 people found the following review helpful. Best Human Geography Dictionary Ever Written!By bernhart@aol.comThis is the finest example of what a human geography dictionary should be! A new edition should be authorized immediately and made required reading for all geography students at the college level!

Terms drawn from a host of different topics - the economics of trade and industry, politics and sociology, the environment and land use, planning and management - are used constantly by human geographers. This reference book provides definitions of all such terms (as well as certain historical usages still to be found in important sources) and explains the invaluable mathematical and statistical techniques that have revolutionized all the human sciences.
