Nina Hamer, Fernando Diez de Urdanivia, Eleanor Hamer : Dictionary of Latin American Spanish Phrases and Expressions before purchasing it in order to gage whether or not it would be worth my time, and all praised Dictionary of Latin American Spanish Phrases and Expressions:

0 of 0 people found the following review helpful. Excellent product in perfect condition!By

CincoDeMayoMyFavoriteDayExcellent product in perfect condition!2 of 9 people found the following review helpful. Great bookBy T. FisherI haven't really had a lot of time to look at it closely but the time I have spent has been enlightening. I recommend this book to anyone who wants to know some particular phrases.43 of 43 people found the following review helpful. A highly recommended referenceBy Marianopolita2005This book is very up to date, well organized, concise and details a wide variety of expressions, phrases and idioms that are used in Latin America with examples of its usage. I would recommend this book to Spanish speakers at any level both native and non-native since the Spanish language is so diverse. It would serve as handy reference guide to understanding everyday speech, colloquialisms and slang. The second half of the book details common English expressions with the equivalent Spanish interpretation, thus enabling the speaker to authenticate his/her Spanish speaking capabilities instead of attempting to translate word for word. Both teachers and students will learn frequently used expressions as well as the intended meaning thus enhancing their ability to understand speakers from various countries, as well implement the use of these idioms in their everyday speech. I am a Spanish teacher and strongly recommend this book of expressions to anyone who wishes to bring their competency in Spanish to the next level. This is a worthy purchase and a quality language reference.

Arranged alphabetically in Spanish, this collection offers phrases and expressions from all regions of Latin America, including both common meaning and literal translation. Also, for each entry an example and the corresponding English translation ensure that the reader will grasp subtle nuances of the expression. An additional section offers the Spanish equivalents to English expressions.
