Disk included doesn't cover everything in the book and isn't ...By Phil Bott Disk included doesn't cover everything in the book and isn't quite what we were expecting but our son loves the book. It contains a ton of facts details from each era and he's memorized most everything and reads it all the time. 0 of 0 people found the following review helpful. Absolutely Fabulous By JAMES mell This book was received in good time, I am so pleased with this book. It has great information, for readers of all kinds, and no one will be disappointed in buying this book. The book is far better than the picture, I can not say enough, BUY IT!!!!!!!!!!!!!!!!!!!!!! Good photos very detailed info about dinosaurs. 0 of 0 people found the following review helpful. A must for any dinosaur lover. The maps with ... By Patrice A must for any dinosaur lover. The maps with the location of the various dinosaurs is the highlight for my son.

Featuring see-through pages and a CD-ROM, this work aims to take you under the skin of the most astonishing

creatures the Earth has ever seen, including Allosaurus, the fiercest Jurassic meat eater. It helps you to see how and where prehistoric animals lived.

About the Author John Malman has written more than 150 books for children, on subjects ranging from Egyptian mummies to architecture. He has also written several books on dinosaurs and prehistoric life. His books for DK include e.explore Dinosaur and Megabites Titanic and Gladiator.
