all praised Dinosaur National Monument UT, CO Trails Illustrated Map #220 (Trails Illustrated - Topo Maps USA):

This Trails Illustrated topographic map for Dinosaur National Monument, which straddles the state lines of northwest Colorado and northeast Utah, is the perfect recreational map for this stunning monument. Within its craggy hills, you can discover pieces of a long ago world where the largest land creatures of all time once roamed and died. The map includes the entire national monument area, with detailed trails and topographic information. Included are the Lodore Nature Trail, The Green River, Yampa River, Jenny Lind Rock, Harpers Corner Nature Trail, Rainbow Park, Dinosaur Quarry, the Green River Campground, and much more. The map is full of detailed trail information, park information, history and culture, geology, and natural history. Approximately 4 1/4" x 9 1/4" folded; 27" x 39" fully opened Scale = 1:78,125

About the Author Founded in 1915 as the Cartographic Group, the first division of the National Geographic Society, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world. All proceeds from the sale of National Geographic maps go to support the Society's non-profit mission to increase global understanding and promote conservation of our planet through exploration, research, and education.
