Dobbins\_Corner I work with middle schoolers and need to know what swear words they are using. LOTS of sexual

terms so don't leave it in your work desk!0 of 0 people found the following review helpful. Offers an inside look to the "dirty" side of SpanishBy girasoI have been studying Spanish for many, many, years. I know a lot of the mainstream slang. I don't really have experience with the more "dirty" side of the language, as I have learned in educational settings and through travel. This book does provide some insight to someone like me. I like that I can get a little bit more feel for the cultural aspect of "dirty" Spanish.One thing I did notice is that some of the "literal" translations offered by the author really aren't literal. Other than that, it can be helpful to have an understanding of this level of language, even though it might not ever be used.1 of 1 people found the following review helpful. Great gift ideaBy Kirsten0729I bought this as a Christmas gift for a good friend of mine. She likes to tell people that she speaks "Spanglish" so I thought this would be the perfect gift to help with her limited Spanish vocabulary. She loved it!
