Easy and Informative Reading!!!By Jan WalkerI don't like to read...that's the simple truth, but this book really peaked my interest because of all the natural disasters today. I am now prepared, I actually took the book's advice about preparing for your disabled family member since I care for someone with disabilities. I feel after reading this book from cover to cover I am now better prepared...come what may!!!This book is easy to read and very informative!!!0 of 0 people found the following review helpful. Preparedness Saves Lives!By Kici'Disasters claims many many lives yearly! Unfortunately we can't prevent all disasters from occurring, however, I take comfort that the tips and tools in this book will help prepare my family and I for survival. I am so appreciative for the thought research and knowledge comprised in this book. Thanks!0 of 0 people found the following review helpful. I feel comfort in being prepared!By Amanda JohnsonThis book is amazing and very helpful. I feel a lot better knowing my family and I are now prepared if we are ever fast with an unfortunate situation.

Updated! Natural disasters are among the most fearful of events and not being prepared can compound such fears. Contemporary researchers anticipate an increase in the frequency and severity of natural disasters. If a natural disaster took place right now, how would you respond? Most of us cannot answer that question properly. This publication provides the needed foundation to prepare for the unexpected while maintaining the perfect size for a glove box, purse, backpack, duffel, disaster kit, etc. Disaster Preparedness Made Simple is a comprehensive and informative guide to help you, your family and your business create a complete emergency plan and be prepared for whatever nature might throw at you. This book is sure to help you through all 3 phases of any natural disaster: before, during and after. Brief personal disaster tales from the author are included as well to highlight the seriousness of this subject. Here is a sampling of what you will find: ALL major natural disasters (not just the most common) are covered alphabetically making for easy searching. Remember you never know where you will find yourself so have everything you need at your finger tips. An emergency contact list is provided to fill out. Guidelines for preparing a disaster kit are reviewed. Tips for assisting the elderly and those with disabilities have been added. Handling animal encounters and planning ahead for your pets are also included. As a BONUS - practical tips for the traveler are included as well. What if I am on a trip and a disaster strikes? Find out Natural disasters can happen at any time. They will not wait for you to get home, to the office, or to your vehicle. Being prepared no matter where you are is extremely important. 5" x 8" (12.7cm x 20.3cm) - 152 pages The perfect size for a glove box, purse, backpack, duffel, disaster kit, etc.

About the AuthorJohn Lennon Berteloot is a leading authority on natural disaster preparedness. The prestigious host of The World Forum, held at St. Catherines College Oxford, England, selected Berteloot for the Institutes Man of The Year in Education for 2011 and the 2011 Award of Excellence.
