Dominic Beddow, Collins Maps : Discovering Edinburgh Illustrated Map before purchasing it in order to gauge whether or not it would be worth my time, and all praised Discovering Edinburgh Illustrated Map:

These are really nice maps with lots of visual information, but they're printed on the cheapest, weakest paper imaginable. All the cross-folds tear immediately, almost the first time you unfold the map. We're still in the planning stages of our trip, and already we're patching all the folds with scotch tape. We'll have only three days in Edinburgh, but will have to rely on TI maps 'cause I'm sure this thing will disintegrate the first day. Too bad, and we won't buy any more Collins maps. 0 of 0 people found the following review helpful. So anxious to go to Edinburgh with my daughter. ...
