My fears were not unfounded because when I received the book, 116 pages were missing! Of forty chapels, only 10 were included. The Printers, ForgottenBooks, really lives by its name. They never bother to check each copy resulting into omission of hundred of pages. It is much better to look for the original copies of classic books than to buy reprint copies.

This book is a replica, produced from digital images of the original. It was scanned at the University of Toronto Libraries and may contain defects, missing pages or blemishes due to the original source content. The UT libraries have worked with various digital partners to provide the best possible customer experience and hope you enjoy the results.
