**Susan Peter, Shirley Ewart, Barbara Schaffner : Exploring the Tualatin River Basin** before purchasing it in order to gage whether or not it would be worth my time, and all praised Exploring the Tualatin River Basin:

0 of 0 people found the following review helpful. Compact and Comprehensive GuideBy Greg SundbergVery good guide covering the Tualatin River Basin just outside the city of Portland, Oregon. Useful to carry along as you check

out the various points of interest along the river. Probably could be updated, as the edition is ten years old now.0 of 0 people found the following review helpful. Extraordinary book on local parks, fauna and floraBy ChipExploring the Tualatin River Basin is an unimaginably good example of the kind of guide that should be available for all parts of the world. Living in Beaverton, Oregon, we only recently (2008) re-discovered this gem and have used it to plan short rainy-weekend excursions. The descriptions, directions and photographs are outstanding. The book has inspired us to explore our home environs as we never have done before. Our compliments to the authors and photographers who have created a motivating guide to our own home river basin.0 of 0 people found the following review helpful. Great GuideBy C. J. StarkI agree completely with what Chip (the first reviewer) says. We are a family of 5 - My husband and I, two small children and a dog. So far we have been to just three places from the book, but they were right by our home and we had never seen them before. We went there to hike/walk trails with the kids in back packs. They were beautiful places that we now know about and can tell others to visit.

Washington County's Tualatin River Basin has some of the most appealing and least known natural areas in the greater Portland area. Intended for hikers, canoeists, naturalists, birders, and outdoor enthusiasts of all kinds, this beautifully illustrated field guide introduces 85 sites and includes a wealth of information on the plants, wildlife, and natural attractions to be found.

About the AuthorThe Tualatin Riverkeepers is a community-based organization working to protect and restore Oregon's Tualatin River system. The Tualatin Riverkeepers promotes watershed stewardship through public education, public access, community involvement, and advocacy.
